The main issues i have with this mis guided plan would probably run into many pages,however by the extremely confusing method by which you expect village occupants to understand very clever legal jargon i will just focus on two main issues.

M25.1 Light pollution, Section 2.4. As this proposed site will no doubt contain valuble plant machinery it will have to be lit after working hours for security purposes. This will provide what i could only imagine light pollution akin to Blackpool iluminations!! I enjoy the lack of industrial light in this village and i can only imagine what it would be like for the poor residents living next door to this light show.

M25.8
The "small disused pit" on the eastern boundry is hidden oasis in the village and it is used by dog walkers and villagers and their children and grandchildren,including mine for picnics and walks.
I feel this piece of land has been completely overlooked by the process and as stated in MS07 "potential impacts on the amenity" does not really cover the potential risk to children,pets and wildlife that use this facility and can we be guaranteed that the site will be protected completly from the public?
This site will be impacted.

M25.2
HGV movements. Crab apple lane on which these movements will start is a well used single track road. No regard has been demonstrated for safe lay by and passing places for villagers and other users including walkers to be safe whilst on this road.The soft verges will not allow HGV,S to pull over so we have the potential of cars backing out onto the main B1136 which would be extremaly dangerous.
As well as this the amount of dust and gravel debri left by these movements would cause other hazards to vehicles and especially cyclists.
Can we guarantee that roads are swept every day?

I imagine not!

7. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

M25.1. Security lighting only to be illuminated for a maximum of 15 seconds in hours of darkness on site.

M25.8 Security fencing to be sympathetically installed as not to spoil the natural look of the area to protect villagers children and pets from straying into a working quarry. I feel a soil bund is hardly adequate.

M25.2. Lay bys and passing places to be correctly constructed on Crab Apple Lane to facilitate the safe passing of cars, walkers and cyclists from the hgv,s leaving the site and correct daily cleaning of all roads effected by hgvs leaving site debri in all weather conditions.

And I will end with the main fact that it is simply morally wrong to dig a gravel pit next door to a beautiful quiet village!!
